### **Guarantee for Arco valves**

Válvulas Arco, S.L. guarantees their products of series TAJO 2000 against all defected material and also against leakages. With our continuous quality control, we check all stages (raw material, stamping, machining, assembly and testing). All valves are 100% tested at the end of the process for leakage.

**This guarantee covers 5 years, which we consider an average lifetime for our valves under normal installation conditions.**

The guarantee is only limited to change defective pieces, which have been checked for a technician expert from Válvulas Arco, S.L. In case of any damage with costs involved also experts from our insurance company will check on product liability. Válvulas Arco, S.L. has a product liability coverage insurance with an international insurance company, which covers all the world in case of defective valves.

Exclusions of the guarantee:

- Defect in the valve due to improper installation, i.e. not following the instructions printed on the packaging.
- Chemical exposure, corrosion.
- Natural catastrophes in general (flood, fire, icing, etc).
- Improper use of the valve.
- Intervention in the valve by not authorized people.
- 

A handwritten signature in black ink, appearing to be 'B. Palau', written over a horizontal line.
